DIY FIASCO

INTERACTIVE FIASCO PLAYSET CREATOR

SO YOU WANNA MAKE YOUR OWN FIASCO PLAYSET?

It's easy! Just enter the information you want for each card in the table, and that will automagically populate the printable cards at the end of this document.

IMPORTANT!

This document outlines what we **want**, and what we **need**.

We **want** you to make Fiasco playsets! We are really excited to support your creativity.

We **want** you to use this playset tool the same way we hope you play the game — celebrate creativity, keep it fun for everyone, don't punch down, and generally be thoughtful and kind.

We **need** you to understand the limits of that creativity. Read on to learn what you can do with the Fiasco IP and — to protect ourselves, you, and Fiasco's excellence — what you cannot.

So please follow these rules. **A fan-made Fiasco playset must be:**

Open. You can use our intellectual property to share your ideas non-commercially. What you make must be freely available to other Fiasco fans.

Free. You cannot charge for it or license it to others.

Unofficial. Your ideas must be clearly labeled as unofficial fan material and explicitly not endorsed or published by Bully Pulpit Games.

Your own. Please respect intellectual property. Do not use anyone's creative work without permission. This definitely includes popular media franchises. Just don't.

Appropriate. We'll be the judge of what crosses the line, and if we decide for any reason that your work is offensive, disparaging, or otherwise shitty, we will ask you to remove it immediately.

Legal. Don't break any laws. This is your responsibility.
